A Great Result \$91,814

Our Industry (Victoria) GALA 'Chicago' Ball was held at the Grand Hyatt on Friday 10th August. More than 500 industry people joined in for a great night of fun and industry networking.

Congratulations must go to the GALA committee and the Reach foundation for their hard work in organising the evening and being responsible for raising a staggering \$72,978. Coupled with the funds raised from the MGA golf day back in February, the total amount raised for the Reach Foundation this year by our generous industry is \$91,814.

All funds raised directly support youth programs and the provision of a much needed skilled youth social worker.

Well done to all concerned.

We are here to help you!
