**TIME & ATTENDANCE, HR & PAYROLL SYSTEMS**

ClockOn is an affordable and comprehensive time, attendance and payroll software system designed to meet the demands of independent supermarkets.

*Supported by the MGA Workplace Relations Team*

We are confident that in selecting ClockOn you have chosen the solution that will meet your exact requirements. That's because ClockOn has been developed with flexibility in mind, enabling you to concentrate on running your supermarket!

## What our customers say...

*"My business had grown from one supermarket with 40 staff to four supermarkets with a staff of over 200 and my previous payroll, Quicken, was not able to give me the flexibility and convenience to effectively manage these numbers. We have now had ClockOn for 3 years and I couldn't be happier"*
