

Mission

MGA will be recognised as the most effective industry provider of support services to our independent grocery and liquor store members. We will strive to achieve excellence in all facets of our business in order to ensure that our members are serviced effectively.

Goals

MGA will assist members to achieve the following goals:

- To provide employees with opportunities to achieve a valued and rewarding career through best practice management.
- To achieve business excellence by providing training and education which will ensure complete regulatory compliance.
- To be continually engaged with customers through community based initiatives that are recognised as reputable and trustworthy.
- To be recognised and respected throughout the industry by all stakeholders.
- To participate in united, national representation which will achieve profitable and sustainable outcomes at all levels of government.
- To establish strong, rewarding and enduring relationships with all stake stakeholders.
