

Alex Ng, FoodWorks, Bacchus Marsh with Geoff Grimmer, Laser Equipment

FoodWorks Bacchus Marsh

Looking towards the future with Laser Equipment.

Melbourne based Laser Equipment recently celebrated 20 years servicing independent retailers by supplying Bacchus Marsh FoodWorks with a top of the range BIZERBA VS 12D fully automatic slicer.

Store owner, Alex Ng, says “we’re looking towards the future. This is a significant investment for us for our delicatessen department and will help us service the customer better.”

Retailers are constantly looking for smarter more efficient systems to compete in the current market place. Having such modern delicatessen equipment makes commercial and financial sense.

Laser equipment service independent supermarkets across Victoria and are well respected for their personal service.
