

Albury Enviro Bags - Keeping You Green

Promoter's Paradise Pty Ltd, trading as Albury Enviro Bags, is an Australian company situated in Sydney, which specializes in the manufacture and distribution of environmentally friendly reusable bags.

Their products include:

- Shopping bags
- Single bottle wine bags or multi-bottle bags with internal dividers
- Insulated cooler bags
- Custom made and printed with your logo
- Durable environmentally friendly fabrics such as natural jute or non woven polypropylene

Unlike many other bag suppliers, Albury Enviro Bags have their own manufacturing facility in China, Changshu Chenhe Art & Craft Ltd, permitting them to offer extremely competitive factory direct prices to Australian clients. Clients not only experience the cost benefits from production in China, but at the same time they communicate their requirements to

Anne Wang or Graham Williamson, the directors of Albury Enviro Bags in Sydney. Anne Wang, who is also the chairperson of the Chinese factory, brings a wealth of Chinese experience to Albury Enviro Bags. Anne is your gateway to the huge resources of China.

With state government and local councils banning single use plastic bags, and MGA at the forefront of this trend with their 'Keen to be Green' campaign, why not discuss your reusable bag needs with Albury Enviro Bags and make sure you position your company at the forefront of the environmental movement.
